

STEP-BY-STEP INSTALLATION GUIDE

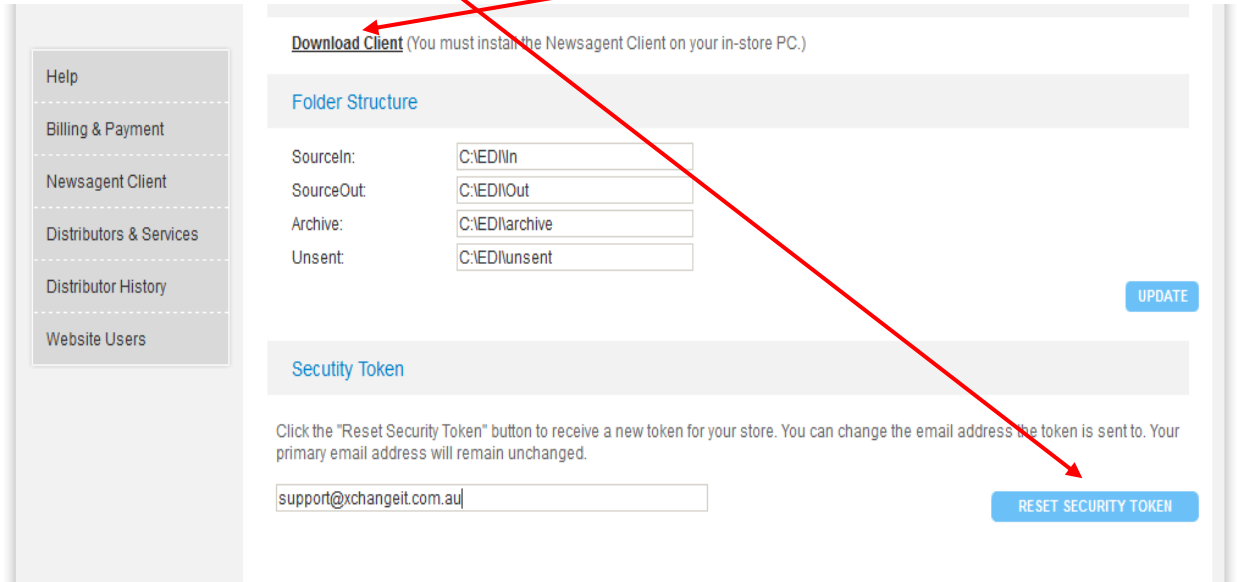

1. Goto <http://www.xchangeit.com.au>
2. Enter username and password.

3. Select "My Account" and then "Newsagent Client" in the drop-down menu.

- Click on “Reset Security Token” (you will use this token to activate the client to complete the installation process – take note of the email address the token will be sent to – you can type in a different email address if you need) and then click on “Download Client”.

[Download Client](#) (You must install the Newsagent Client on your in-store PC.)

Folder Structure

SourceIn:	<input type="text" value="C:\EDI\In"/>
SourceOut:	<input type="text" value="C:\EDI\Out"/>
Archive:	<input type="text" value="C:\EDI\archive"/>
Unsent:	<input type="text" value="C:\EDI\unsent"/>

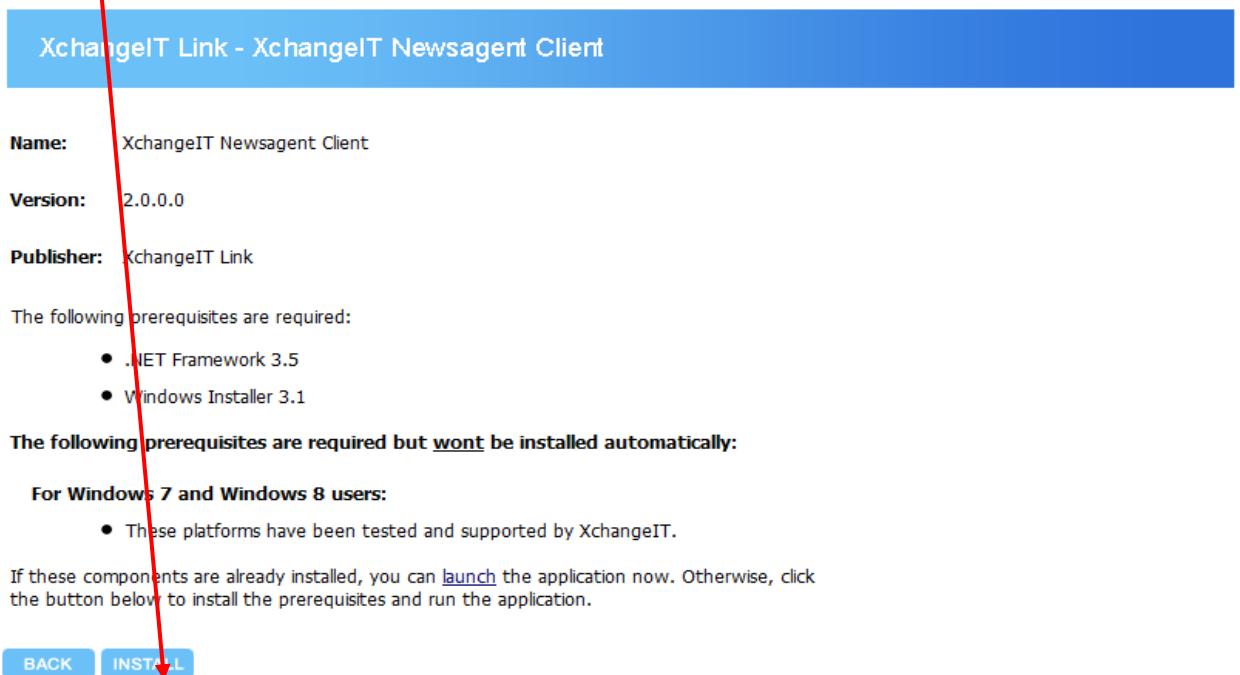

[UPDATE](#)

Security Token

Click the "Reset Security Token" button to receive a new token for your store. You can change the email address the token is sent to. Your primary email address will remain unchanged.

[RESET SECURITY TOKEN](#)

- Click on “Install”.

XchangeIT Link - XchangeIT Newsagent Client

Name: XchangeIT Newsagent Client

Version: 2.0.0.0

Publisher: XchangeIT Link

The following prerequisites are required:

- .NET Framework 3.5
- Windows Installer 3.1

The following prerequisites are required but won't be installed automatically:

For Windows 7 and Windows 8 users:

- These platforms have been tested and supported by XchangeIT.

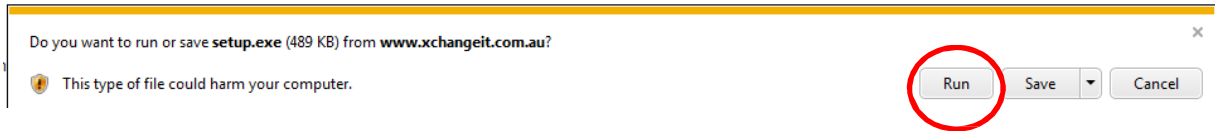

If these components are already installed, you can [launch](#) the application now. Otherwise, click the button below to install the prerequisites and run the application.

[BACK](#) [INSTALL](#)

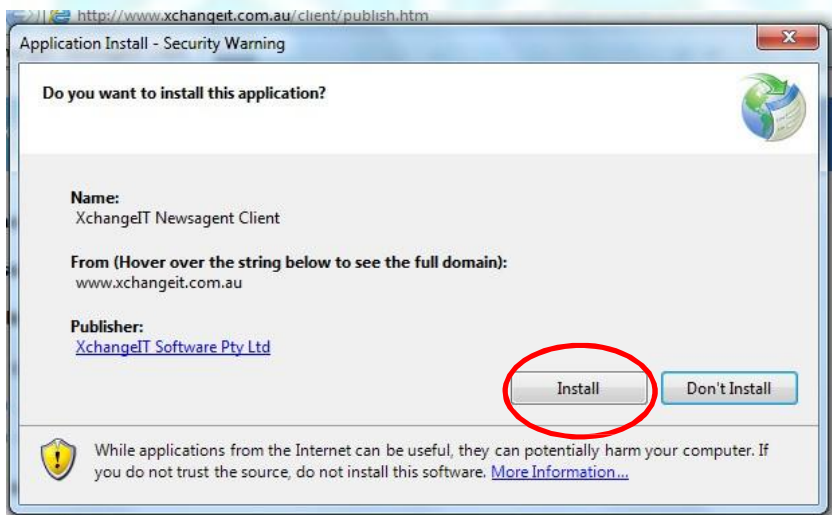

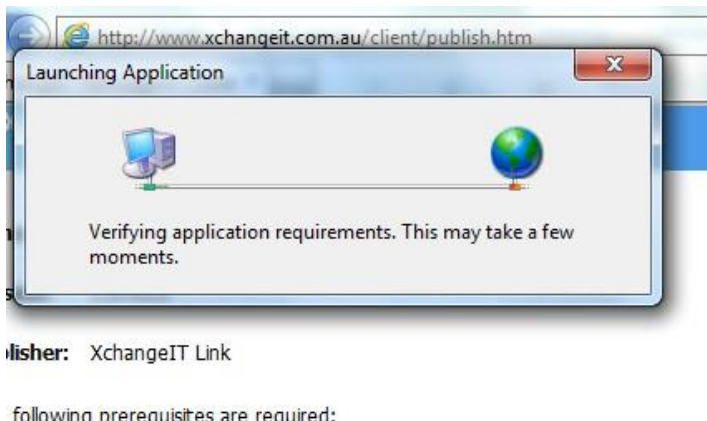

Please note:

- XchangeIT no longer supports Windows 2000, XP & Vista
- XchangeIT Link requires a minimum of Microsoft .NET Framework Ver. 3.5

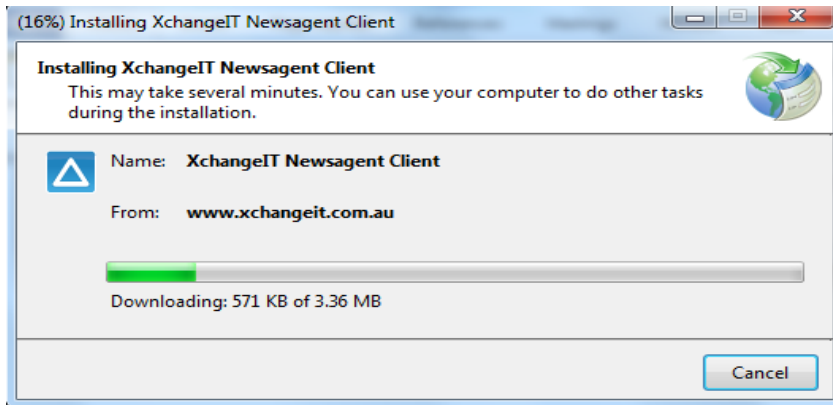

6. Click "Run".

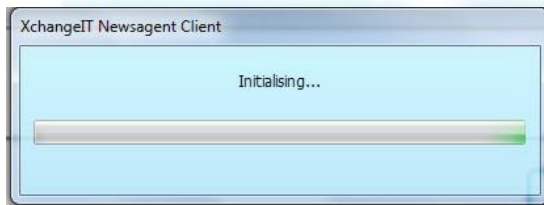

7. Installation of application begins.

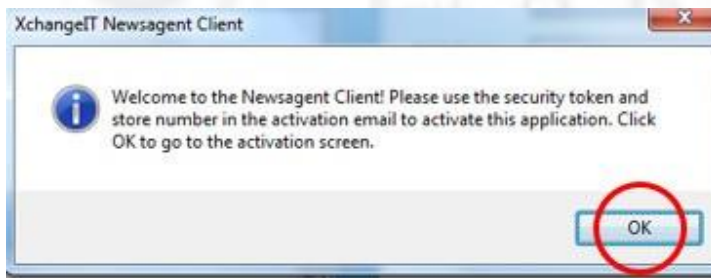

8. You should now see the loading screen:

Then this...

Click ok

9. Refer to the email that was sent out to the selected email address for the security token:

Dearfrank 3,

Your security token has been reset by the XchangeIT Helpdesk. Details are as follows:

- Store Name: TEST XIT STORE 12
- Store Number: 1067
- Security Token: D5PQDSU8

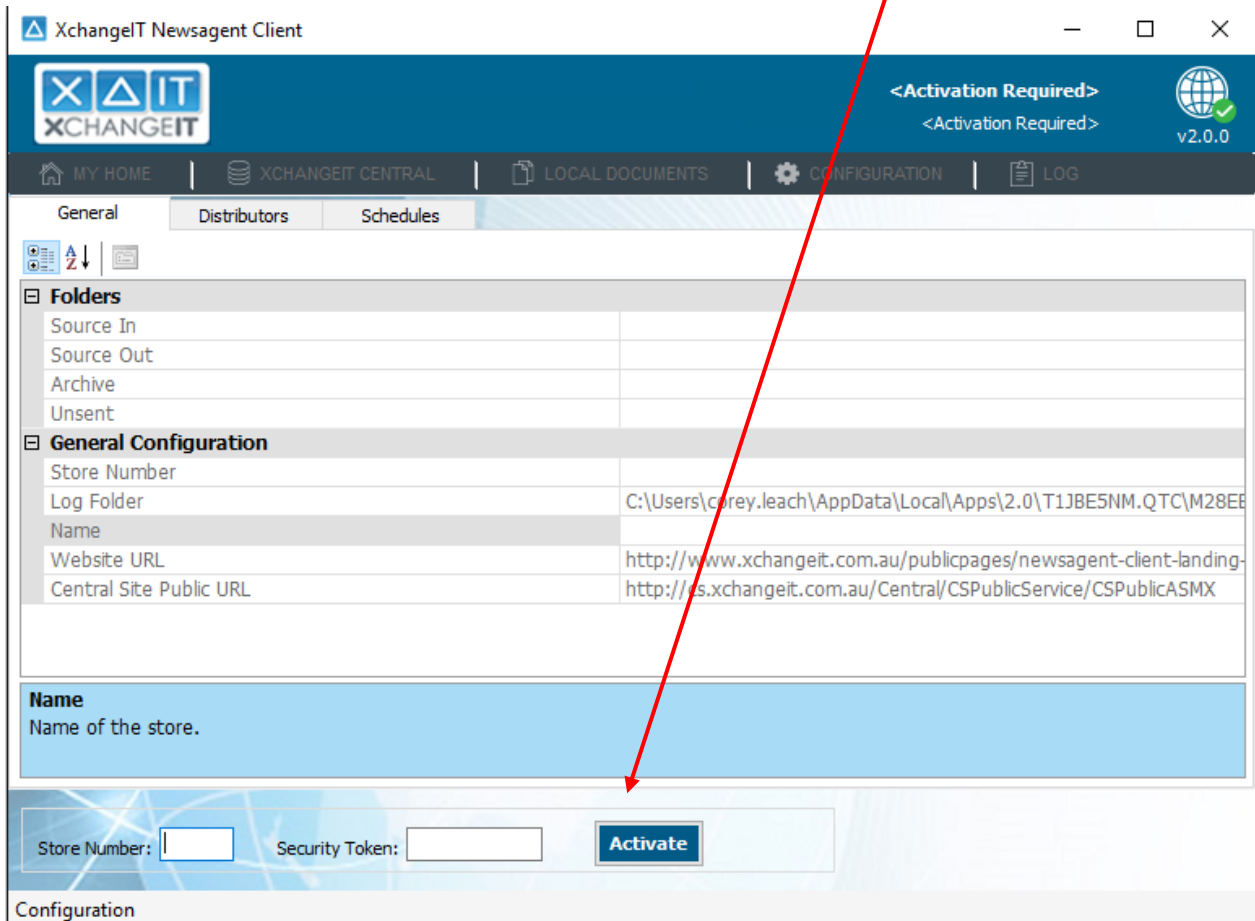

You should use this to reset your XchangeIT Newsagent Client. To do this:

- Locate the PC where XchangeIT is installed
- Click the XchangeIT icon in the system tray (i.e. bottom right of the screen) so that the Newsagent Client is visible on screen
- Select the 'Configuration' tab
- Select the 'Reset' button (bottom right)
- Enter the Store Number and Security Token as shown above and press 'Activate'.

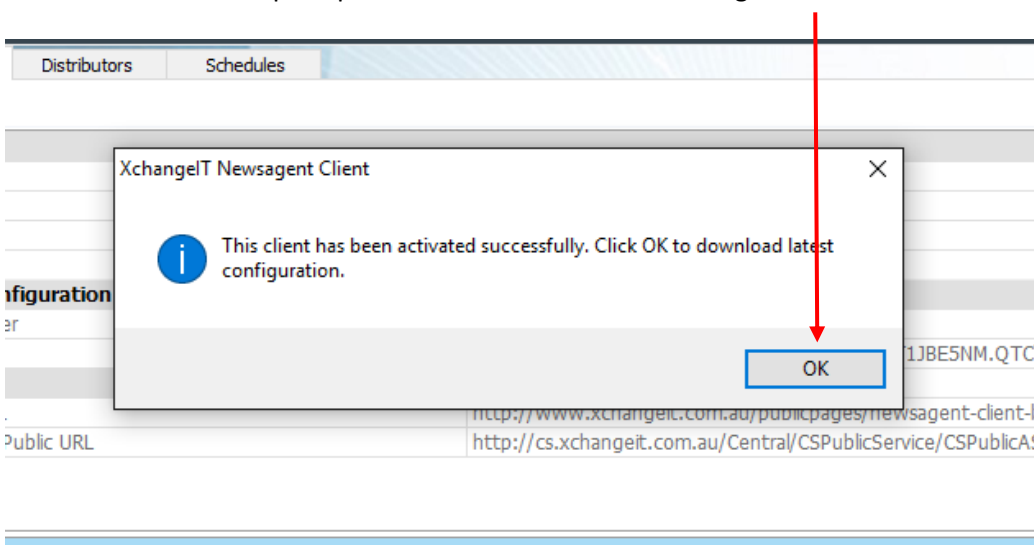

Regards,

XchangeIT *Link*
