TLD and Pascal Press join the XchangeIT LINK EDI family

We are pleased to announce that Pascal Press and TL Distribution have agreed to join the XchangeIT EDI system to create an easier, faster, more accurate ordering facility for newsagents across Australia.

From December 1st 2013 we will be offering newsagents on the XchangeIT platform a much more efficient ordering, tracking and returns system for Pascal Press products.

Newsagents will be able to order all Pascal products online, and get confirmation of the order along with delivery estimates from TL Distribution. Returns Authorisations will no longer be a manual process, resulting in higher accuracy, faster turnaround, and better cash flow for newsagents.

Warwick Teale, Director of TL Distribution states that "For newsagents and TL Distribution this represents a big overall improvement in supply chain efficiency and accuracy".
 Jose Palmero, Group General Manager of Pascal Press, points out that "This is the next stage in our relationship with our customers to offer easier, faster, accurate viewing and ordering of the growing range of Pascal Press products".

For more information on **Pascal Press** and their product range please visit their web site www.pascalpress.com.au or call 02. 8585 4044. **Pascal Press** is a leading Australian publisher of quality educational resources for primary and secondary teachers, students and their parents, including NAPLAN products. Pascal Press is also the sole supplier of the **Steve Parish** range of products, which include high quality calendars, guides, souvenirs and stationery, children's story books, sticker and colouring books, greeting cards and gifts, all featuring Australia's unique wildlife, flora and landscapes – www.pascalpress.com.au/steve-parish .

For more information on **TL Distribution** please visit their web site www.tldistribution.com.au or call 02.8778 9999. TL Distribution 'TLD' is an industry leader in Third Party Logistics (3PL) and distribution solutions. Our warehousing services include, pallet storage, pick and pack, inventory management, freight forwarding, call centre/customer service management and scan packing for major retailers.

For more information on **XchangeIT** please visit our web site www.xchangeit.com.au or call 1.300. 551 212. XchangeIT is an industry initiative established by magazine distributors more than twelve years ago. Our purpose is to reduce supply chain costs and we achieve this by resolving common data-related challenges in the newsagent channel. Currently almost 2,500 newsagents use our system every day of every week.
