

Old XchangeIT platform to shut down.

Most newsagents using the XchangeIT EDI function have now upgraded to the new platform, XchangeIT LINK.

Therefore, the old platform (version 3) will begin a phased shut down, beginning 31st December 2009 and ending 12th January 2010.

Newsagents who have not upgraded will no longer be able to receive their delivery invoices via EDI.

Enquiries can be directed to the XchangeIT help desk at 1 300 551 212.
