Welcome Pack – Item 3 – Subscription Pricing

This is an extract from the Information Pack, and provides you with a quick reference to the subscription pricing matrix.

Pricing Table and explanation

Fees are based on a newsagent being fully compliant or not (see document titled Compliance Requirements for a full explanation of Compliance).

Below is the XchangeIT LINK table of fees per Newsagent store:

Membership Type/Category	Services	Annualised Fee – Ex GST
Base price	All data types still under the compliance test process	\$850
Introductory/Regular/Compliant Member	Full Service of Delivery, Sales, Returns, and Returns Forms provided ITC tests are passed	\$400
Delivery Only	Full Services, with Returns TBA	\$400
POS DOS newsagents	Delivery Data only	\$600 for 3 months after Go-Live; then \$850
Sales Data unavailable	Delivery Data only. Returns not available	\$850

Explanation of some terms in the table:

- ITC = Integrity, Timeliness, Continuity. These are the 3 tests used to measure & ensure Compliance.
- “Services” refer to 2 way data flow, which is Delivery Data, Sales Data, and Returns Data/Claims. The fourth EDI element is Returns Forms and, of course, these forms use the data sets already mentioned.
- “Fee” refers to the annualised fee, payable in two equal instalments before each 186 day Compliance evaluation period.

The new fees apply when you renew your subscription, or when you upgrade to XchangeIT LINK or when the old platform closes in October 2009, whichever comes first.

Where applicable, credits will be given for unused days under the old XchangeIT platform.

Fees are subject to change depending on your Compliance, which affects your Membership Category per the Table, above.
